

February 2022

The Department of Children and Families (DCF) would like to share some important information about your Wisconsin Shares child care subsidy.

Wisconsin Shares Rate Increase

Effective January 1, 2022, many families saw an increase in the monthly Wisconsin Shares subsidy amount on their MyWICildCare EBT card. This increase was reflected in benefits issued after January 1, for child care services that are provided in 2022.

- You may not see an increase if your child care provider's price is lower than the new Wisconsin Share's rate.
- For more information, visit <https://dcf.wisconsin.gov/wishares/parents>
- If you have questions about your authorization, contact your local agency.
